

# Juan Pablo Vázquez Sampere

Expert on Disruptive Innovation

CSA CELEBRITY SPEAKERS

Juan Pablo Vázquez Sampere is an expert on Disruptive Innovation. Together with a group of executives, Juan Pablo founded NORTATEM to help put an end to social injustice by improving the economic conditions of companies. His research is focused on using innovation to increase the success rate of both entrepreneurs and corporate ventures.

**He has been selected for IMD's "World Competitiveness Yearbook" panel**

## In detail

Professor Vázquez holds a BA with highest honours in Business Administration and an MBA with High Distinction from IE Business School. He has a MR title from Harvard University and is a PhD from Universidad Complutense. His professional experience includes several positions in management consulting firms and in a major media group. He has also worked for governments and NGOs. In strategy consulting he has worked for the largest corporations in Europe. His particular interest is in removing the variability in the commercialisation process using new technologies that eliminate the factors that introduce randomness.

## What he offers you

Juan Pablo is renowned for his captivating presentations that explore the art of building and sustaining successful companies. With a keen focus on innovation, he guides managers on a transformative journey, equipping them with the tools and insights to propel their professional careers to new heights.

## How he presents

His dynamic approach and strategic guidance inspire audiences to embrace innovation as a catalyst for growth, enabling them to unlock their full potential and thrive in the face of constant change.

## Languages

He presents in Spanish and English.
